María Cristina Nieto Peñararía & José Luis Gil Pita

Project: Reconfiguration of the Chapel of El Pilar for New Penitential Uses

Award: Premios Próximos 2024

A custom-designed furniture system for confession and prayer within the historical context of the Cathedral of Santiago de Compostela. The pieces integrate modern craftsmanship with traditional techniques, creating adaptable, open structures that contrast with conventional closed confessional boxes.

Enrique Manuel Blanco Lorenzo & **Patricia Sabín Díaz**

Project: Santa Isabel Football Field – Santiago de Compostela

Award: Premios Próximos 2024

A stadium access intervention that functions as an urban incision point, integrating contemporary and historical materials. The design enhances circulation and transitions while maintaining a rigorous and minimalist material palette.
